Boost Your Intercultural Competence with IDI Assessments

Hello Ian,

Have you ever found yourself struggling to communicate effectively with someone from a different cultural background? Or felt unsure about how to navigate cultural differences in a professional setting? These are common challenges in today's increasingly diverse and globalized workplace, and they can have a real impact on your ability to build strong relationships and succeed in your career.

As someone who works in a diverse and multicultural world, you know how important it is to communicate effectively and build relationships with people from different backgrounds. That's why I want to introduce you to the **Intercultural Development Inventory (IDI)**, a powerful assessment tool that can help you improve your intercultural competence and better understand your own cultural perspectives and biases.

And if you're ready to take the next step and schedule an IDI assessment. We offer IDI assessments for **individual** and **organizational needs**.

Ready to unlock the full potential of your intercultural skills? Our [recent blog post](#) on the benefits of improving your cultural competence with IDI assessments is a must-read!

Discover how you can strengthen your relationships across cultures, and gain an edge in today's rapidly evolving workplace. Expand your horizons by becoming more culturally aware.
